Dear Mr. Church:

This letter is to confirm our telephone conversation of January 7, 1987, regarding the Hince Landfill.

The U.S. EPA does not give advance notice of the issuance of CERCLA 104(e) information requests or notice letters. The U.S. EPA will give you concurrent notice of any such letters sent to identified Potentially Responsible Parties (PRP).

No CERCLA remedial work is scheduled at this time, the site is still under investigation. If work is planned a schedule will be set up for all phases of the work, and you will be noticed, as attorney for Mr. Charles Hines Jr., along with the PRP's of the U.S. EPA's plans.

If you have any question please do not hesitate to contact me at (312) 886-7336.

Sincerely,

Susan Swales
